Delzingaro, Christina	F	MBA	N	Business	N	
Keith, Amanda	F	PharmD, BCPS	S	Pharmacy	Y	
Miller, Darren	M	M.Div., BCC	N	Chaplain	Y	

Alternative Members

NOTES:

Members whose training, background, and occupation would incline them to view scientific activities from the standpoint of someone within a behavioral or biomedical research discipline should be considered a scientist, while members whose training, background, and occupation would incline them to view research activities from a standpoint outside of any biomedical or behavioral scientific discipline should be considered a nonscientist. In addition, the IRB must have members with sufficient knowledge of the specific scientific discipline(s) relevant to the research that it reviews.
